

## Accessibility Statement

<https://www.sportirelandcampus.ie> is committed to making its platform accessible, in accordance with [European Union \(Accessibility Requirements of Products and Services\) Regulations 2023](#).

This accessibility statement applies to <https://www.sportirelandcampus.ie>

\*It does not apply to other content or websites published on any of its subdomains. These websites and their content will have their own specific accessibility statement.

This website is designed to comply with the [technical standard for websites and mobile apps, EN 301 549 v.3.2.1](#). This closely follows level 'AA' of the [Web Content Accessibility Guidelines 2.2 level AA](#).

## Compliance Status

This website is **partially compliant** with [technical standard EN 301 549 v.3.2.1](#) and the [Web Content Accessibility Guidelines 2.2 level AA](#). See 'Non-accessible content' for more details.

<https://www.sportirelandcampus.ie> is committed to providing a platform that is accessible to the widest possible audience, regardless of technology or ability.

We are currently working with Vially and Vision Ireland to ensure we meet accessibility standards. We are continually improving the user

experience for everyone and adhering to the required accessibility standards.

The Web Content Accessibility Guidelines (WCAG 2.2) defines requirements for designers and developers to improve accessibility for people with disabilities.

## **Preparation of this Accessibility Statement**

The Statement is based on a combination of manual and automated accessibility testing, using multiple platforms;

- Windows (JAWS, NVDA),
- Mac (VoiceOver),
- iOS (VoiceOver) and Android (TalkBack) and their native accessibility tools.

A detailed issue log was created to measure against WCAG 2.2 standards. These issues were presented to the development team who are amending these issues and bringing the platform in to WCAG 2.2 AA compliance.

This statement was **created** by Vially in June 2025.

The statement was **last reviewed** in June 2025.

## **Feedback and Contact Information**

We welcome feedback on the accessibility of this website. If you have any comments or find any problems not listed on this page, please contact [\[client to enter email\]](#)

## **Compatibility with browsers and assistive technology**

This website is designed to be compatible with the following most used assistive technologies:

The latest version of Google Chrome, Microsoft Edge and Apple Safari browsers;

In combination with the latest versions of NVDA, VoiceOver and TalkBack.

## Technical specifications

The accessibility of this website relies on the following technologies to work with the particular combination of web browser and any assistive technologies or plugins installed on your computer:

- HTML
- WAI-ARIA
- CSS
- JavaScript

## Accessible Content

**Skip to content link** – has been implemented correctly. The “skip to content” link on the website appears as the first element on the page when using the ‘tab’ key on keyboards.

## **Non-accessible Content**

Despite our best efforts to ensure the accessibility of this website we are aware of some limitations, which we are working to fix. Below is a description of known limitations and potential solutions. Please contact us if you encounter an issue not listed below.

Known limitations for this website: <https://www.sportirelandcampus.ie>

**Keyboard/Screen reader navigation** is not yet accessible on parts of the platform. Many pages have interactable elements that are either placed in the wrong programmatically determinable order or are skipped entirely by a screen-reader. Other pages feature non-interactable elements that may appear in the wrong focus order on a screen-reader. Some pages also have invisible interactable elements in the programmatically determinable focus order. Some pop-up dialogs do not automatically move the screen-reader focus to them when they are opened.

**Images** – Some parts of this platform feature photos or icons that have incomplete or missing alt text. We are currently working through images to add contextual alternative text.

**Videos** – we are currently working through videos to add accessible captions and other media alternatives.

**Link Text & Graphical Elements** – we are working to remove links named 'read more' and 'click here' where possible, links and graphical elements such as icons, will be given clear labels.

**Correctly structured content with good heading usage** – Many pages on this platform do not have a programmatically determinable heading structure, whilst other pages feature a heading structure that is in the wrong order. We are creating logical heading structures on our pages and implementing correct navigation of menu links.

**Cross operating system compatibility** – has not yet been implemented in every section. We are currently updating CSS for desktop and mobile.

**Mobile navigation** – along with cross operating system compatibility, once CSS has been updated, we will audit for mobile navigation and ease of use for screen readers.

**Third-party content** – there are areas of our website controlled by third-party companies, such as the cookies. These are not funded by, developed, or controlled by <https://www.sportirelandcampus.ie>, but work is in progress to resolve as many issues related to these areas as feasibly possible.

## **WCAG 2.2 Accessibility Auditing Service**

If you would like your website, application or digital documents reviewed and tested against the WCAG 2.2 standards, please contact the Vially team at [hello@vially.io](mailto:hello@vially.io).
